

ATOMIC ENERGY EDUCATION SOCIETY -MUMBAI

WORK SHEET MODULE-3—CLASS - IX ; STATISTICS

1) The following table gives the population of India (in million). Draw a bar diagram of

the data: population (in millions) of India 1931 -1971

Year	1931	1941	1951	1961	1971
Population (in millions)	275.5	312.1	356.9	439.9	546.9

2) The following table represents the area of the various continents of the world in

Millions of km² .

Continent	Africa	Europe	Oceania	North America	South America	U.S.S.R
Area(millions of km ²)	30.3	4.9	8.5	24.8	17.9	20.5

Represent the above data by bar diagram.

3) Draw a bar chart to represent data regarding life expectancy of animals:

Name of the animal	Mouse	Dog	Goat	Horse	Cow	Camel	Elephant
Life(in years)	4	10	15	20	20	28	60

4) Draw a bar chart of the procurement of rice in tons in an Indian state:

Year	1978	1979	1980	1981	1982	1983
Rice in tons	4500	5700	6100	6500	4300	7800

5) The following data refer to sales (in crores of rupees) of a company for five years .Represent It with a simple bar diagram.

Year	1981	1982	1983	1984	1985
Sales	12	15	19	25	40

6) Employments in selected industrial concerns are given below:

S.No	Business	Employment March,1995
1	Motor vehicle and equipment manufacturing	735
2	Trucking and ware housing for hire	527
3	Taxis –cabs	133
4	Dealers, new and used motor vehicles	410
5	Petrol filling stations only	226
6	Automobile repair and garages	235

Represent the above data by bar diagram.
