BY: S A S RADHAKRISHNAN TGT(SS) ENG/SST

AECS-03 MUMBAI

MODULE -1

Note: Some questions are answered and some are given for practice. As a practice, you copy all the questions and answers into your note book .

1.Explain the term natural resources and its importance . 3 marks

All the materials or objects used to fulfill human wants provided by nature can be called natural resources,

It includes land, fertile soil, rivers, water bodies, vegetation, rocks, minerals, fisheries ,livestock etc...

These resources have utility for man and his society . they help human beings to create goods or provide services.

Thus they support the economic development of a nation.
